Bali, Indonesia, June 21st 2013 --- Mandara Spa offers guests an even more elevating experience with the introduction of leading luxury British spa and skincare brand, Elemis, in its treatment and therapy range with effect from June 21st 2013. The lavish therapies from Elemis have been uniquely designed, tried and tested for effectiveness.

The affiliation with Elemis marks another milestone Mandara Spa at Nikko Bali Resort & Spa as it proudly collaborates with an innovative and professional skincare brand with quality, efficacy and exceptional integrity to provide the ultimate, results-driven experience that guests will talk about ever after and a desire to indulge in again.

Jeff Matthews, President & COO of Mandara Spa states : “*We are very excited to launch Elemis treatments at our spa at Nikko Bali Resort & Spa. We pride ourselves on the quality of our services, and Elemis offers the best result driven yet indulgent treatments and products*”.

Besides Elemis treatments, Mandara Spa also offers a menu of many indulgent choices incorporating aromatherapy massages, wraps, facials, scrubs, and baths based on traditional Asian recipes.

Targeting the ever-changing skin and body needs of both men and women, the Elemis therapies utilise uniquely powerful professional formulations for maximum results. Potent medicinal herbs, plant extracts and collagen boosting seaweed *Padina Pavonica* are combined with cultural touches inspired by Chinese, Ayurvedic, Tibetan, Japanese and Middle Eastern therapies.

The relaxing host of treatments is carried out with ease and professionalism by Mandara Spa's team of well-trained and experienced therapists. In the anti-ageing treatment menu, the revolutionary advanced Anti-Ageing treatment, *Pro-Collagen Quartz Lift Facial* is clinically proven to reduce the number of wrinkles by up to 94% and improve skin firmness by up to 57% following just one treatment. The treatment is empowered with precious minerals that play an important part in cell structure and cell communication: ultimately protecting and de-stressing the skin cells.

Based on particular skin types, the *Skin Specific Facial* deep cleanses, nourishes and conditions at the deepest level without aggression using a specialised Eastern massage technique to oxygenate the skin. To overhaul men's stressed and extremely hydrated skin; try the *Skin IQ+ Facial*. For those short on time, try the *Elemis Face & Body Sensation*, the perfect Elemis treatment duo, a sensational massage using warm stones combined with a prescribed booster anti-ageing facial.

For heavenly sensorial and mood-lifting spa packages integrating Elemis and the ancient techniques of Mandara Spa, the *Frangipani Body Glow* delivers a unique exfoliation composed of warmed oils drizzled all over the body, a sumptuous *Elemis Exotic Lime & Ginger Salt Glow* massaged into the skin to slough away dryness, nourishing the skin with rich frangipani oil, a relaxing scalp massage and mini facial whilst wrapped in a fragrant cocoon, followed by a Balinese Massage.

Elemis facial treatments are priced from US\$70++ onwards per treatment, while its body therapies are available from US\$60++ each. For spa packages, prices start at US\$95++ per package for ultimate pampering.

Artfully harmonising the wisdom and purest of nature, coupled by the exotic aromas of spices and fragrant blooms as well as the gentle sounds of soothing music, the Mandara and Elemis touch combine to offer cutting-edge, natural synergy for the skin, body and mind, whilst respecting the body's complex physiology.
